Health Trust

# Dr. Ameyo Stella Adadevoh (DRASA) Health Trust

2015 - 2025

Founded in memory of Dr. Ameyo Stella Adadevoh, Nigeria's Ebola heroine

Mission: Developing Health Champions and improving systems to prevent the spread of infections.

Works with all levels of government and communities to strengthen Nigeria's public health systems

Core belief: *Healthier communities begin with informed people, accountable institutions, and strong systems*

## 10 Years of Impact

**32**

States across  
Nigeria Supported

**96,858**

Health Champions  
developed

**15,796**

Health workers trained in  
safe healthcare delivery

**28**

National and subnational  
public health policies  
developed

**13**

Emergency response systems  
established at airports,  
seaports, and land borders

**6**

Cross-border forums  
activated with the Republics  
of Benin and Niger

## Four Core Program Areas

- 1 Antimicrobial Resistance (AMR):**  
Mainstreaming AMR education in schools and health facilities
- 2 Community Health and Hygiene:**  
Equipping community Health Champions to promote healthy behaviours and detect diseases quickly
- 3 Infection Prevention and Control (IPC):**  
Institutionalizing infection control in hospitals and primary healthcare centres
- 4 Health Security:**  
Embedding youth in public health governance structures

## Strategic Partnerships

Collaborations with Federal and State ministries and agencies, UN agencies, private sector, civil society, and international foundations

Focused on scaling and institutionalizing disease prevention and health system resilience nationwide

## Vision 2035: Institutionalized Disease Prevention
